TECHNICAL SHEET
BM-1000 Deluxe Hand Soap

Advanced formula for the removal of bacteria, germs and organic debris

DESCRIPTION
For professional environments. A pearly pink soft lotion soap producing a rich and abundant lather. Its creamy texture is non-irritating. It removes bacteria, germs and organic debris. It also removes grease and most stains on hands. Contains soft emulsifiers and is formulated with a balanced pH.

DIRECTIONS
To wash away bacteria, germs and organic debris from your hands, follow these directions. Wet your hands with warm water. Apply a small amount of this soap to your hands and scrub into a rich lather. Rub your hands together for a minimum of 20 seconds, washing all surfaces of your hands, including your thumbs, between your fingers and nails. Then, rinse thoroughly under clean running water and dry.
